

# 6 LAWS OF PARENTING

## FOR THE PURPOSEFUL PARENT

### HAVE A CLEAR VISION

Write the Vision and make it plain. What is the end goal of your parenting for your children? Once you fully articulate what the Vision is for your parenting, you can lay out a plan to guide your family's goals and activities.

### HAVE A PLAN

You need a roadmap to ensure you & your children make it to the desired destination of the Vision and stay on that road. These become your action steps that allow you to set and achieve each goal along the way.

### PUT YOUR ENERGY IN THE RIGHT PLACES

What is Your Energy? Energy is your T.E.A.M.- your Time, Effort, Attention, Money . Your plan tells you how to use and where to put your energy. Purposeful parents consistently direct their energy.

### CREATE A SUPPORT SYSTEM

We are meant to be interdependent with others. Networking and building support with others around your Vision is vital. As parents, we can do a lot but we can't do it all. Delegate certain parts of the action plan to those who are capable or have strengths and knowledge in areas you may not.
